

# CHAMP

## QUALITY FILTERS

Champ Quality Air Filters are constructed with specially blended filter media for optimal dirt-holding capacity, filtering efficiency and maximum protection for your engine from harmful airborne contaminants.

**Available in a broad range of sizes for virtually all applications,** Champ Air Filters' advanced features ensure original equipment replacement fit, function and performance.

- Automotive Panel Air
- Automotive Radial Seal Air
- Automotive Conical Air
- Automotive Round Air

### The Champ Filter Advantage

- High efficiency filter media technology captures harmful particles that can damage your engine
- Meets or exceeds requirements for all new engine specifications
- Full product line with excellent coverage and late model applications
- Professional grade, quality filter line

### Serving the Professional Installer Since 1955
