Global Filtration Solutions

AUTOMOTIVE FILTERS THAT MEET AND EXCEED OEM REQUIREMENTS

From oil filters to transmission filters, high-quality components are the foundation of every Champ filtration solution. All Champ filters, including Champ's oil filters, air filters, cabin air filters, fuel filters and transmission filters, meet or exceed the most stringent filter construction requirements. Consumers rely on Champ filters to provide maximum protection for vital engine components and to deliver exceptional performance over the lifetime of the filter.

MORE EFFICIENT ORDER FULFILLMENT

OIL FILTERS

- Use filtration media engineered with a variety of natural and synthetic fibers for optimum efficiency, capacity and flow restriction
- Provide up to 98% efficiency

XL SYNTHETIC OIL FILTERS

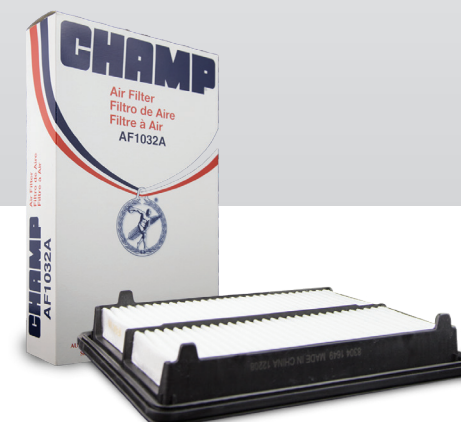

Champ's synthetic oil filters are designed to work with today's engines that operate at much higher temperatures with longer drain intervals that are specified by the engine manufacturers.

CHAMP XL
QUALITY FILTERS

AIR FILTERS

- Use high-efficiency filter media technology to capture harmful particles that can damage your engine
- Meet or exceed requirements for all new engine specifications

CABIN AIR FILTERS

- Trap many harmful pollutants before they reach the cabin
- Maintain proper HVAC flow and protect drivers by eliminating allergens, dust and particulate matter

The Champ Filter Advantage

- Wide selection of filters providing broad coverage
- High filtering efficiency for maximum performance
- Continuous new product and service innovations
- OE warranties remain in effect when Champ Filters are used
- Professional grade, quality filter line
- Designed to meet or exceed engine requirements
- Full product line with excellent coverage, late model applications
- Manufacturing quality filters in the U.S. since 1955

Serving the Professional Installer Since 1955
